

V. Warranty

Amorim Cork Composites recycled rubber flooring is guaranteed to be free from manufacturing defects in material and / or workmanship. If the recycled rubber flooring is found to be defective under normal conditions for a period of five years from the date of receipt (to original purchaser), Amorim Cork Composites will, at its own discretion, replace the defective material or issue credit not to exceed the selling price of the defective goods. This warranty does not cover installation labor costs or other related expenses. This warranty does not cover dissatisfaction due to improper maintenance or installation, damage from improper maintenance or usage or general misuse, including, without limitation: burns, cuts, tears, scratches, scuffs, damage from rolling loads on inappropriate wheels or casters and / or damage or discoloration from floor care products not recommended for use on rubber flooring. Shade or color variations due to exposure to direct sunlight, minor color or shading variation within the black rubber portion of the product and / or shade or color variations between samples or photographs in the brochure and the actual flooring product itself, are also not considered to be material defects. Although Amorim rubber flooring is used successfully in ice-rink applications, this warranty expressly excludes premature wear caused by ice skates in heavy-use areas (penalty boxes, walkways to and from the ice, etc.). This is due to the abusive nature of ice skate blades on any type of flooring material. Amorim Cork Composites highly recommends the use of blade protectors when walking on our recycled rubber flooring with ice skates.
