Installation Notes:□

1. Allow 15 to 20 minutes open time before laying carpet into adhesive.
2. Do not allow adhesive to skin over before laying carpet in.
3. After installing tile, the floor should be rolled with a 100 lb. roller.
4. For roll goods - roll with a 100 lb. roller after adhesive has started setting.
5. Adhesives equal to those specified may be used in the installation of any of the above walk-off products.
