

Cork Flooring Warranty

Construction Warranty

Provided the product was purchased as new and through one of the authorized sales outlets, we warrant that the different ranges of our flooring will not distort or shrink in the periods specified in the table (especially with regard to milled bars, corners and edges).

Surface Warranty

We warrant that the different ranges of our flooring will not show any signs of wear in the periods specified in the table.

Cleaning and maintaining cork floors with treated or resilient surfaces

Floors can be cleaned daily with a vacuum cleaner or a soft-bristled brush. In addition, the floor should be regularly, approx. once a week - wiped with a moist cloth. Add a mild detergent to the water.
