

“Do It Yourself” Installation Guide

Install Instructions for: Cork Flooring

Laying Cork Flooring With Corkloc System:

Step 1. Starting from the right, the boards are latched down without using glue.

Step 2. Press down the next boards to the previous board using a “brick bond”, lay it on the floor and...

Step 3. ...lift the new board and the board laid previously in the same row on the leading edge, press into the previous row of boards and lower to the floor. Finished!
