Please note:

1. Tile must always be glued to top of Quad Blok
2. "Full glue" requires full spread adhesive using E-Grip III with 1/8" square notch trowel. Bond test is recommended; installer responsible to determine suitability.
3. Compacted Gravel sub-base may experience movement and subsidence; sub-base out-of-flatness, movement, subsidence, etc. are warranty exclusions.
4. Only adhere tile to Quad Blok connector; do not glue Quad Bloks or Tiles to the roof.

Shipping:
