Electrostatic propensity	AATCC 134	Pass Maximum Avg -2.5 kV

3M™ Nomad™ Carpet Matting 8850 with vinyl backing is designed for heavy traffic areas, handling up to one million people per year. Its polypropylene and nylon fibers offer superior scraping and drying, with a dual-fiber, random pattern that hides dirt and debris. Solution-dyed fibers resist fading and staining, maintaining the mat's appearance. The Flexion Vinyl backing prevents staining and moisture from reaching the floor, while the low profile ensures easy movement for foot, cart, and wheelchair traffic.
