

479 Cushion Trax® 975 Cushion Trax® Ultra 979 Saddle Trax®

Built for tough industrial environments, this diamond plate ergonomic anti-fatigue mat is engineered for maximum durability and stability. Puncture-resistant for long-lasting performance, this mat offers essential ergonomic support for workers on their feet all day, effectively reducing fatigue. The diamond plate pattern enhances traction, minimizing workplace injuries and boosting productivity. The non-slip proprietary RedStop™ technology backing keeps the mat securely in place, ensuring safety and stability in demanding environments. Patented Unifusion™ technology creates a seamless, single-piece bond that is guaranteed for the lifetime of the mat. Alleviate stress on feet, legs, and lower back, reducing absenteeism by one-third and cutting muscle strain by 50%. Beveled edges help minimize tripping hazards. Available in standard sizes, rolls, and custom lengths to match any work area.

- Long-lasting vinyl top surface made from 100% recycled materials is combined with a dense closed cell PVC foam base
- Diamond-plate surface texture provides added traction
- UniFusion™ bond guaranteed for the life of the mat
- Redstop™ non-slip backing to reduce mat slippage
- Beveled edges on all 4 sides

* Certified by the NFSI (National Floor Safety Institute)
