

509 Diamond Tuff™ 510 Diamond Tuff™ Max

Industrial-strength diamond plate ergonomic anti-fatigue mats are designed for durability and stability. Puncture-resistant for long-lasting performance, these mats provide ergonomic support to workers on their feet all day, reducing fatigue. The diamond plate pattern enhances traction, minimizing workplace injuries and boosting productivity. These mats help alleviate stress on feet, legs, and lower back, cutting absenteeism by one-third and reducing muscle strain by 50%. Beveled edges reduce tripping hazards for added safety. Available in standard sizes, rolls, and custom lengths to match any work area.

- Durable diamond pattern vinyl laminate top surface for added traction is made from 100% recycled materials
- Dense closed cell PVC foam base provides added cushioning comfort
- Beveled edges on all 4 sides
