

490 Dura Trax® 976 Dura Trax® Ultra 990 Dura Trax® Grande

Designed for welding applications, this industrial-strength, rugged diamond plate anti-fatigue mat can withstand oily and greasy workstations. Its high-traction surface combined with an ergonomic foam cushion helps reduce fatigue from prolonged standing—enhancing comfort, safety, and productivity throughout the workday. The non-slip proprietary RedStop™ technology backing keeps the mat securely in place, ensuring safety and stability in demanding environments. Patented Unifusion™ technology creates a seamless, single-piece bond that is guaranteed for the lifetime of the mat. Beveled edges minimize tripping hazards, further promoting a safe workspace. Engineered to alleviate stress on feet, legs, and the lower back, this mat has been shown to reduce muscle strain by up to 50% and decrease absenteeism by one-third. Available in standard sizes, full rolls, and custom lengths to fit any work area.

- Nitrile rubber recycled diamond plate top surface is combined with a dense closed cell PVC foam base
- Diamond-plate surface texture provides added traction
- Withstands exposure to grinding sparks up to 600°F
- UniFusion™ bond guaranteed for the life of the mat
- Redstop™ non-slip backing to reduce mat slippage
- Beveled edges on all 4 sides
- Certified by the NFSI (National Floor Safety Institute)

Stock Sizes	2' x 3', 3' x 5', 3' x 12'
Roll Sizes	2' x 75', 3' x 75', 4' x 75'
Cut Lengths	2', 3', 4' widths (up to 75' long)
Thickness	490: 9/16" 976: 3/4" 990: 1"
Colors	 Black  Black/Yellow
