

Slip-resistant workplace matting that's light to handle and super versatile.

Certified slip resistant with excellent drainage and anti-fatigue benefits, Heronair is perfect for light industrial workplaces and walkways where there's a risk of water underfoot.

Made from non-porous PVC with an etched pattern, Heronair is impermeable to fluids and provides excellent drainage, making it ideal for environments where spillages are likely. The hollow construction makes it light to lift and easy to move, so installation is quick and cleaning is simple. It's also a highly effective compartment liner.
