

Heavy-duty, animal fat-resistant matting designed to keep food processing areas safe.

Oils, acids and animal fats are no match for Herongripa, a specialized matting solution designed to keep food processing environments free from slippery floors, as well as relieving employees from fatigue.

The mat's extra-wide open grid means waste and other spillages fall straight through, keeping the standing area free from hazardous material. Made from a single piece of heavy-duty non-porous PVC, the matting is easy to handle and clean with a high pressure hose, making maintenance a breeze.

## Features:

Diamond-cut pattern

Two-layer construction with extra wide grid

Made from non-porous plasticised PVC

Anti-fungal and anti-bacterial additives

Comes in 16'6" (5m) or 33' (10m) rolls

## Benefits:

Certified slip resistant (DIN 51130:R11 ASTM 1677:0.8/0/7)

Excellent drainage

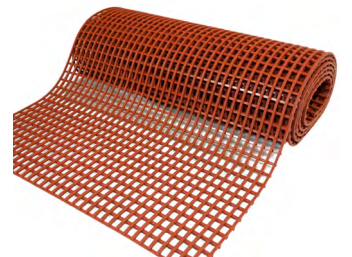

Resistant to animal fat

Excellent hygiene, easy to clean

Quick to install

## Data sheet

### Standard sizes:

<b>Product</b>	Herongripa
<b>Height</b>	5/8" (15mm)
<b>Standard roll options</b>	33' x 2' (10 x 0.6m)
	33' x 3' (10 x 0.91m)
	33' x 4' (10 x 1.22m)
<b>Weight</b>	0.88 lb/sq.ft (4.3 kg/m <sup>2</sup> )

### Tolerances:

	Height (+/- 0.05")	Length (0+1.0')	Width (+/- 1cm)
Herongripa	5/8"	33'	2' 3' 4'

All dimensions are nominal

### Technical information:

<b>Acoustic</b>	Excellent sound absorption
<b>Chemical</b>	Resistant to most acids, alkalines and oils.
<b>Composition</b>	Made from flexible animal fat resistant Polyvinyl Chloride (PVC) with additives.
<b>Environment</b>	Herongripa is 100% recyclable. We don't use any substances included in the SVHC list under REACH in any of our matting products..
<b>Hygiene</b>	Made from non-porous PVC that's naturally resistant to bacteria growth.
<b>Reversion</b>	Thermoplastic shrinkage can result in size reductions up to 2%. This may be accelerated in hot environments.
<b>Slip resistance</b>	ASTM F 1677 - Dry/Wet: 0.8/0.7 DIN 51130: R11, V10
<b>Thermal</b>	Designed to function at temperatures from -9°F and up to +140°F. Slight size variation may occur at temperature extremes.
<b>UV light</b>	Resistant to PVC degradation
<b>Warranty</b>	Three years.

### Installation:

Herongripa's one-piece construction means installation is simple:

- Comes in 33' rolls
- Loose lay
- Contours to uneven surfaces

### Cleaning:

Keeping Herongripa looking good is easy:

- One piece covering
- Easy to handle
- Roll or lift to clean
- Easy to clean with a high pressure hose
