

ProTrack Runway Track and Field Rubber Rolls Spec Sheet

Product Description	Prefabricated athletic rubber sports surfaces for track and field applications.
Surface Texture	Track Embossing
Surface Colors	Please consult www.greatmats.com or call customer service 866-822-6622
Roll Width Roll Length	1.22m + 0.01m (4ft) 15m- 20m (59ft)
Adhesion	Greatmats adhesion only. Special restrictions and installation procedures apply. Contact Greatmats prior to placing order.
Subfloor Preparation	Please contact Greatmats or see Installation sheet
Origin	Manufactured in China

Technical Data	Test Method	Average Values
Thickness		10mm ± 0.3mm
Weight		13.0 Kg/m ² ± 5%
Tensile Strength	IAAF	≥ 0.85 Mpa
Elongation at Break	IAAF	≥ 240%
Hardness of Top Layer	ASTM D2240-5	50 ± 5
Hardness of Bottom Layer	ASTM D2240-5	40 ± 5
Force reduction*	IAAF	≥ 35%
Vertical deformation*	IAAF	1.5-2.3mm
Coefficient of Friction	IAAF	≥ 0.6

* Notes: Technical data are based on tests conducted on 13mm PROTRACK materials as required by IAAF
