TREAD TILE SPECIFICATIONS

Style Number: 9001

Product Description: Heavy Duty Entrance Flooring tiles

Pile Material: Recycled rubber tyre and belt material

Tile Size: 305 mm x 305 mm

Total Weight: 9.88 kg/m² Total Thickness: 9.5 mm

Tiles per box: 25 (305 x 305 mm)

Backing: Non flammable solid adhesive base

Flammability: Meets federal regulation # DOCFFI 70

Exceeds minimum char radius, Average char per 8 strips tested ¾” radius.

Coefficient of friction: ASTM F1677 Dry>1.0, Wet>0.98

Radiant Panel: NFP 92-506 M3

Abrasion resistance: ASTM C501 Wear Index, 1/g = 53.9

Tensile Strength: ASTM D412 longitudinal>1500psi

Chemical Resistance:

Acetic Acid 30% Fair
Butyl Alcohol Good
Chromic Acid (dilute) Good
Detergents Good
Petroleum Products Not resistant
Hydrogen Peroxide Good
Nitric Acid Not resistant
Sodium Hydroxide Good
Sulphuric Acid (dilute) Good
