## Why Sound Control Matters:

- Reduce Reverberation: Cuts "boomy" echo in large rooms to improve speech clarity for coaches and staff.
- Lower Overall Noise: Traps sound energy to reduce noise buildup and perceived room volume.
- Dual Functionality: Single wall system handles both impact safety and acoustic absorption.

## Installation Method:

- Z-Clip Wall Mount: Pre-mounted panel Z-clips interlock into wall-mounted Z-clip strips for easy, secure hanging.
- Other installation methods available
